

SEALCOAT TANKS & TANKERS

Rayner Equipment Systems offers a variety of sealcoat transportation and storage options to fit your needs.

We use T1 steel to ensure strength, quality, and longevity.

Industrial Grade Tanks from 200 to 18,000 Gallons

- Truck Mount, Trailer Mount, Skid Mount, Overhead
- Options Include: Helical Mixers, Paddle Mixers, Power & Pumps
- LSHT Hydraulic motor, plus the gear box drive offers even rotational torque of the mixer shaft without the side loading inherent in chain and sprocket systems
- A variety of available hydraulic power units can be mounted where it is the easiest for the operator to access
- Remote control features are available for most pumping systems
- Each tank rests on a custom support cradle providing strength and reducing deformation due to heavy loads and mobile transportation
- Removable tank heads provide for easy maintenance on smaller tanks
- Direct drive mixer provides safe, trouble free operation
