

New!
LP Burner
Uptime Kit

We are pleased to announce new parts bundles designed to minimize down time.

- Saves customers a minimum of two days down time by allowing them to replace critical parts immediately.
- Kits will be stocked for same-day shipment from the Parts Departments.

See next page for complete list of parts available for immediate shipment

Ready for Same Day Shipment!

• With down time costs of \$2000/hur +, kits can save customers \$32,000 or more with the very first part they replace.

• Five kits currently: Standard Distributor, Distributor with variable spraybar, Variable Chipspreader, Diesel Burner and LP Burner.
